

ALL-OUT® System

NEXT GENERATION OF HOPPER BINS

Leadership Through Innovation®  
for a New Feed Storage Standard

# EXCLUSIVE FEATURES FOR ALL-OUT® BIN PERFORMANCE

Brock reinvented the feed bin with the introduction of its next generation of hopper bins. Brock's Next Generation Feed Bin raises a new industry standard for excellence and value. Added together, the innovative features of the Next Generation Feed Bin comprise Brock's ALL-OUT® system to provide solutions for better productivity in your operation.

## PRODUCT FEATURES

- **SPRING-LOCK®** Lid provides a positive, spring-aided closing action, yet is easy to open with one hand.
- 40° Roof matches the natural incline angle of repose for stored feed to maximize usable feed storage capacity.
- **HYDROSHIELD®** Weather Guard directs moisture to drip off the bin's sidewall and keeps it off the bin's hopper and boot.
- **ACCESS PLUS®** Hopper Access Door permits easy clean out of the bin from the ground. The Door retrofits into previous BROCK® Feed Bin models too.
- Digital **WEIGH-MATIC®** Scale System uses temperature-compensated load cells to give highly accurate weights for feed stored in individual feed bins.
- Automatic boot slide actuator system automatically closes boot slide shut off on empty bin while opening second bin in tandem systems. Manual actuator is also available.

Optional Ladder Security Door

## PRODUCT ADVANTAGES

- **SPRING-LOCK®** Lid resists wind and keeps out snow and rain. When open, the lid slides down and out of the way of feed truck's auger.
- **SPRING-LOCK®** Lid and **ACCESS PLUS®** Door aid in biosecurity by allowing remote bin opener location and by easing cleaning chores.
- **HYDROSHIELD®** Guard results in less water on bin hopper and boot.
- Automatic boot slide actuator on a tandem feed bin system helps keep birds or animals from missing a feeding.

## WARRANTY and SERVICE

For the dealer nearest you, call the Brock Customer Service Department at +1 574-658-4191 or go to the dealer finder on [www.brockgrain.com](http://www.brockgrain.com).

**SPRING-LOCK®**  
Feed Bin Lid & Opener (patented)

**HYDROSHIELD®**  
Weather Guard

Sturdy Ladder System includes a convenient handrail (patented)

Optional **ACCESS PLUS®**  
Hopper Access Door (patented)

Red Translucent Boot Transition offers highest durability and even flow

## HOPPER BINS—40° Roof & HYDROSHIELD®

MODEL NUMBER	CAPACITY 40 LB./CUBIC FT. TONS	CUBIC FEET	HEIGHT TO FILL FEET-INCHES
<b>6' diameter bins w/60° hopper</b>
